NECKY KAYAKS

RIP 12™

Polymer

The Rip 12 expands Necky's performance heritage to the recreational class. With many of the same features as its smaller sibling, the Rip 12 has nearly two more feet of waterline allowing you to move faster across the water and a sharp keel giving it even more glide. While most recreational kayakers don't include bulkheads and other details that are overlooked to get to an affordable price, the Rip 12 doesn't skimp. Designed to grow with you, the Rip 12 is a great choice if you're just getting started.

FEATURES:

- Comfort Flex seat with custom pads
- Cup holder
- Custom foam thigh pads
- Adjustable foot pedals
- Quick Seal stern hatch with bulkhead for ample, dry storage
- Large, roomy cockpit for easy entry and exit
- Deck bungee
- Low profile, retractable handles
